The directory structure shows that the code is inside an inner `SHTMS-main` directory. Here are the corrected commands:

1. Navigate into the project directory:

```
```
```

```
cd SHTMS-main
```

```
cd SHTMS.Web
```

```
```
```

2. Run the application:

```
```
```

```
dotnet restore
```

```
dotnet run
```

```
```
```

3. Access the application at `http://localhost:5000` in your browser
